# 1.SURVEY METHODOLOGY AND RESPONSE RATE

The questionnaire was compiled by Matthew Owens, Rural Housing Enabler for Pembrokeshire and approved by the Local Government Data Unit (Wales), Pembrokeshire County Council, Pembrokeshire Coast National Park Authority and Ambleston Community Council.

**Section 1** was completed by all respondents and focussed on

- . Type of homes and number of bedrooms
- . Tenure of households
- . Age & sex profile of households
- . Length of residence
- . Potential new households in need of housing

**Section 2** was completed by potential households in housing need and focussed on

- . Reason for being unsuitably housed
- . Age profile of potential households
- . Household composition
- . Time scales of need
- . Special needs requirements
- . Preferred tenure and type of accommodation required
- . Affordability of rent or mortgage
- . Connections to community

**Section 3** was completed by all respondents and focussed on

- . Support for provision of affordable housing developments
- . Personal comments regarding affordable housing in the area
- . Possible development sites in the area

## Sampling

Survey forms were distributed by hand by members of the Ambleston Community Council, between the 1st of November to the 10th of November 2007 to all 141 addresses on the council tax register for the Ambleston Community Council area. The address list was provided by Pembrokeshire County Council.

Respondents were given 14-21 days to complete the survey, They were then instructed to return the completed questionnaires in the second class freepost envelope provided. The deadline for the return of the surveys was the 3rd of December 07.

Included with each survey was an accompanying explanatory letter from the Community Council (**see appendix 2**) and a questionnaire (**see appendix 3**).

The form only allowed one household per property to identify itself in need. Additional household and non-resident forms were available from the Rural Housing Enabler, No additional household or non-resident questionnaires were requested. A total of 141 surveys were distributed.

## **Response**

A total of 93 questionnaires were returned to the Rural Housing Enabler for data entry and analysis. A total of 88 questionnaires were returned from occupied households. All were completed or part-complete. 3 questionnaires were returned incomplete and 2 were returned from second homes.

The three incomplete and two second home questionnaires were discounted from the analysis.

According to the figures from the council tax office, of the addresses identified in the Ambleston area, 9 properties are currently unoccupied and 5 are currently used as holiday homes. This provides us with a figure of 127 occupied households in the Community Council area. This equates to a return rate from the occupied households of 69% (88/127).

## **2. SUMMARY OF ANALYSIS**

Percentages in this section apply to the number of respondents to the survey who answered that particular question. This is known as adjusted percentage.

The overall response rate from occupied households was 69%

13% of respondents identified a household in potential housing need over the next 5 years.

5% of respondents identified their current household as in need of moving over the next five years.

8% of respondents identified someone in their current household as in need of moving in the next 5 years, who would form new households within the community.

32% of respondents who identified a household in housing need stated they wanted to pay for the property by renting from a Local Authority or a Housing Association, 26% indicated they wanted to buy on the open market, 21% indicated they wanted to buy as a shared owner and 21% indicated they wanted to rent privately.

73% of households who expressed a housing need detailed that need as within 3 years, 27% detailed that need with the next 3 to 5 years.

37% of respondents who identified themselves as being in housing need, expressed a desire for 3 bedroom properties, 27% for 2 bedroom properties, 8% for 4 bedroom properties and 18% for a 1 bedroom property.

Of the households that identified a housing need 64% described their household as families (one or two adults with children), 18% as single person households and 18% as co-habiting/married couples.

The majority of the people who identified themselves as being in housing need were aged between 20-44 years old.

The main reason respondents gave for currently being unsuitably housed, was that they needed to live independently.

91% of those expressing a housing need were not on the Local Authority or Housing Association, housing transfer or waiting list.

47.4% of respondents stated they would consider supporting a small development of affordable housing to meet local housing need, 34.2% of respondents said maybe and 18.4% said they wouldn't support it.

### **3. ANALYSIS OF THE SURVEY COMPLETED BY ALL HOUSEHOLDS**

The purpose of part 1 of the questionnaire was to indicate the main housing patterns for the sample area.

Presentation broadly follows the questions set out on the survey form.

Percentages in this section apply to the number of respondents to the survey (88) who answered that particular question. This is known as adjusted percentage.

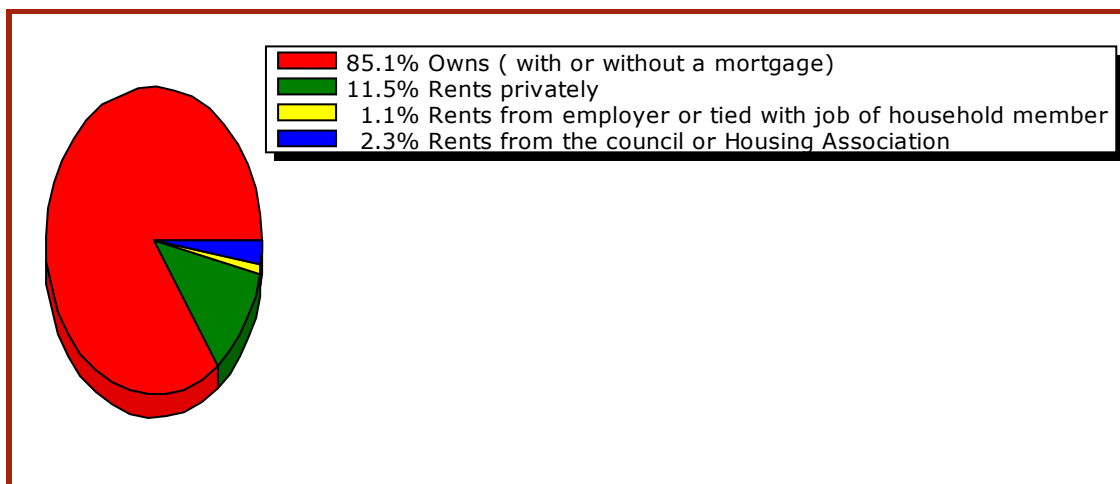

### Q1. Is this your Main Home?

All 88 respondents stated their Ambleston address was their main home.

### Q2. What type of house does your household live in?

### Q3. Does your household own or rent this property?

## Q4. How long have you lived in?

### Q5. How many bedrooms does your home have?

### Q6. How many people of each age and sex are there in your household?

The total number of people identified in respondents households was 238.

This equates to an average household size of 2.7 people (238/87)

**Q7. Would your household, or anyone in your household, expect to need to move within the Ambleston area in the next 5 years?**

Making a total number of respondents identifying themselves or a member of their household as being in housing need as 13%.

#### **4. ANALYSIS OF THE SURVEY COMPLETED BY POTENTIAL MOVERS**

The purpose of part 2 of the questionnaire was to identify those people in housing need and to indicate their housing requirements and reasons for housing need.

11 respondents completed this part of the form. The data in this section is presented by the actual number of responses to each question, rather than as a percentage of responses.

The total number of answers to each question is detailed at the end of the question name in brackets (not all respondents answer every question). Some questions allowed respondents to give more than one answer (these are known as multi-code questions), the total number of answers are again shown in brackets after the question name, but in this case with a TV for "total vote". Therefore the number of responses to a particular answer to this type of question is the number of "votes" that answer achieved.

**Q8. How many people of each age and sex in the household that need to move? (11)**

The response to this question shows us that the age group with the highest number of male and female respondents who have identified themselves as being in housing need is 20-44 age group.

In total 31 people in 11 households have identified themselves in need. This equates to an average household size of 2.8 people.

**Q9. How would you describe this household? (11)**

**Q10. How many bedrooms would you expect to need? (11)**

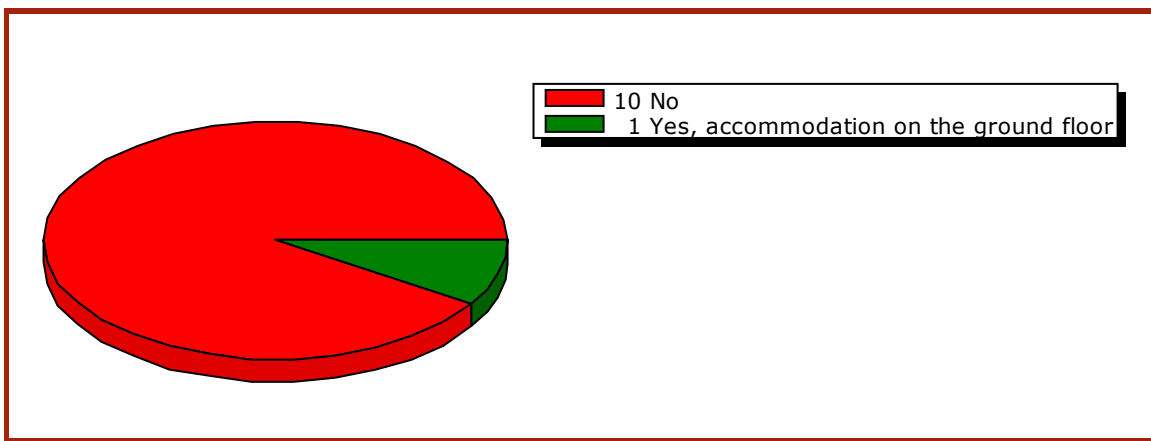

**Q11. Why does your Current home not meet your needs? (TV = 15)**

**Q12. When would you expect to need to move? (11)**

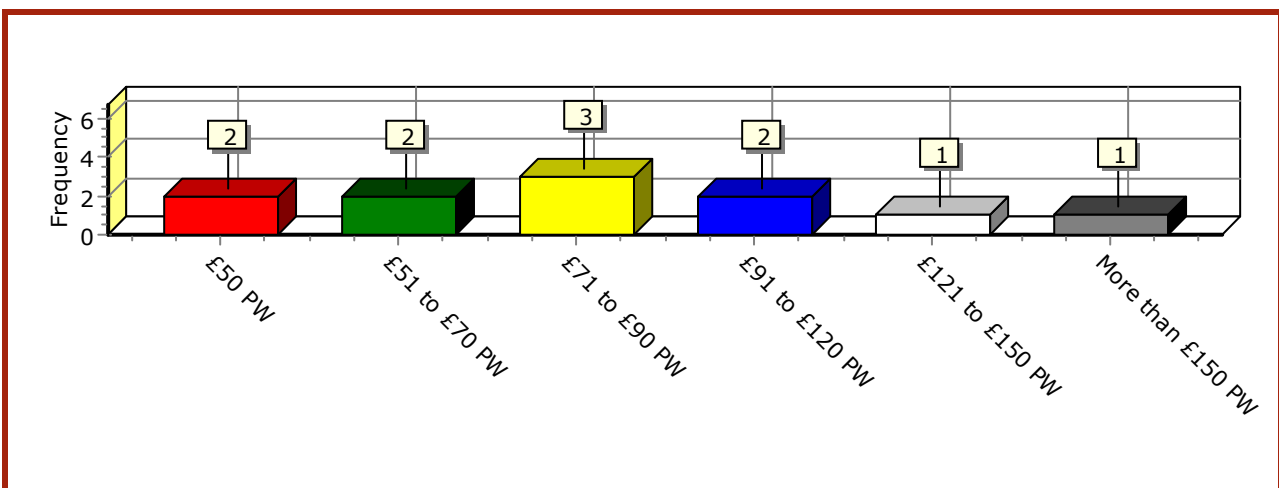

**Q13. Does your household have a specialist housing need? (TV =11 )**

**Q14. How much would the household be able to afford if renting? (11)**

Respondents were asked to consider one third of the households net income for the period, and not to include housing benefit.

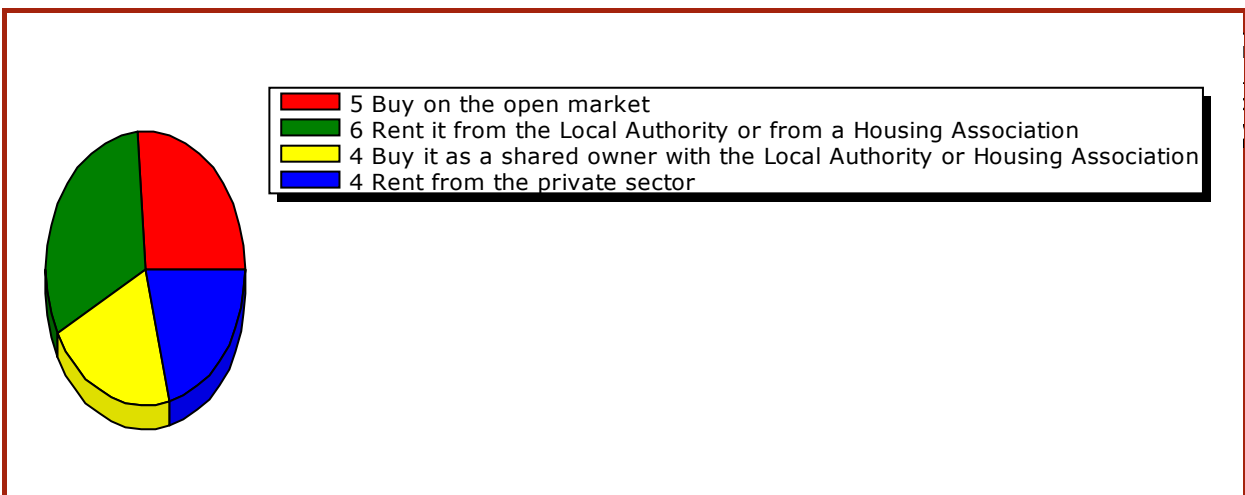

**Q15. How much would the household be able to afford if the household were buying a property? (9)**

Respondents were asked to consider three times the household's gross income for mortgage purposes plus any savings and equity the household may have in any property.

**Q16. How would this household consider paying for this accommodation? (TV = 19)**

**Q17. In which area would the household consider living? (TV = 10)**

**All respondents to this question stated they wanted to live in Ambleston.**

**Q18. Do you have a local connection with your community of first choice?  
(TV = 17)**

**Q19. Is the household currently on the Council, or Housing Association, housing transfer or waiting list? (11)**

## 5. ANALYSIS OF SECTION 3 COMPLETED BY ALL HOUSEHOLDS.

All the respondents were asked to complete part 3 of the questionnaire. The purpose of this section is to identify the community's feelings towards a affordable housing development in the area.

Percentages in this section apply to the number of respondents to the survey (88) who answered that particular question. This is known as adjusted percentage.

**Q20. Apart from you or anyone currently in your household, do you know anyone with a local connection who is not currently residing in the Ambleston area area that would like to or need to set up home in the Ambleston area?**

**Q21. Would you Support a small local development of affordable housing to meet local need in the area?**

**Q22. Are there any comments you would wish to make regarding affordable housing in the Ambleston area?**

**(PLEASE SEE ADDENDIX 1)**

## 6. AFFORDABILITY OF MOVING

This section considers the financial information given by the households in Questions 14 and 15 in regard to how much households would be able to afford if they were buying or renting a property. The information is compared to Open-market house prices, private rentals market and social housing rental prices.

### Open-Market Property Price Data (from Land Registry)

Average sale prices by type from July 2007 to Sept 2007 for Ambleston area and surrounding areas and number of Sales for postcode sector SA62 5.

Detached	£295,490	Sales	14
Semi-detached	£198,187	Sales	8
Terraced	£130,00	Sales	3
Flat/Maisonette	NIL	Sales	NIL
Average Price	£244,558	Total Sales	25

The average residential property sale price for Pembrokeshire from July 2007 to Sept 2007 for Pembrokeshire was £162,077 (Land Registry).

### Private Rental Data (From Local estate agents in November 07) for the Ambleston area.

The following data was obtained from local Estate Agents in November 2007. No properties were able to be found that were available to rent on the open market in the Ambleston area at the time. The figures given below are estimates of the average rental prices for the Ambleston area from local estate agents. A number of estate agents also stated that availability of private rented property was limited in the Ambleston area.

Detached 4 bedroom	£700/£750pcm (approximately)
Semi-detached/Terraced 3 bedroom	£525/£575pcm (approximately)
Flat/Maisonette 2 bedroom	£450/£475pcm (approximately)

## Social Housing Rental Data

The following data is a snapshot of the available social housing stock owned and managed by Pembrokeshire County Council and the Registered Social Landlord (Pembrokeshire Housing) in the Ambleston Community Council area. The rental figure is the average for Pembrokeshire County Council owned properties in the Ambleston Community Council area, and was obtained from Pembrokeshire County Councils, Social Care and Housing Directorate.

### Pembrokeshire County Council Housing Stock for Ambleston Community Council area

	Units	Turnover (From 2002 – 2007)
General Needs Properties	1	0

### Average Local Authority Weekly rents for Ambleston Community Council area

Based on 2006/2007 rental values and excluding services e.g. water rates

All Properties      **£51.14 per week**

### Registered Social Landlord Stock (Pembrokeshire Housing) for Ambleston Community Council area

	Units	Turnover (From 2002 – 2007)
General Needs Properties	4	1

### Average Registered Social Landlord (Pembrokeshire Housing) Weekly rents for Ambleston Community Council area

All Properties      **£60.78 per week**

## **Affordability**

### **Affordability - Ability to purchase a property on the open market:**

It is clear that the majority of those households who expressed themselves as being in housing need could not afford to purchase a property on the open market. Of the respondents who answered Question 15 on how much they would be able to afford if they were buying a property, 7 households indicated they could afford prices ranging from between £40,000 to £140,000, which means they would have difficulty in being able to afford to purchase a property in the Ambleston area on the open market.

The average sale price in the Ambleston area from July 07 - Sept 07 was £244,558 (Land Registry). As these prices are averages, there may have been some properties that will have been lower in price. Some of these may have been affordable to some respondents.

2 households indicated they could afford between £160,000 to £180,000. So these respondents may be able to meet their housing needs on the open market. But they might find it difficult finding suitable accommodation at that price level in the Ambleston area.

### **Affordability - Ability to rent a private property on the open market:**

Of the respondents who answered Question 14 on affordable Rental Levels, 7 households indicated that prices ranging from £50 (£216pcm) - £90 per week (£390pcm) would be affordable for them.

None of these households could afford to rent a property on the open market based on the estimated average rental prices listed previously.

The other 4 respondents to this question stated they could afford prices ranging from between £120 per week to over £150 per week. It is clear that some of these respondents could possibly afford to rent in the private market, but based on the evidence collected from local estate agents, they might find limited availability of suitable private properties to rent in the area.

## **SOCIAL HOUSING**

Rental costs for 2 and 3 bedroom properties of Social housing in the area range from £51.14 - £60.78 per week. It is clear that the majority of people who expressed themselves as being in housing need and looking to rent, could afford to rent social housing.

The turnover (the frequency with which properties are let) of these properties is low, 0 lettings since 2003 for Local Authority owned property and 1 lettings since 2003 for Pembrokeshire Housing owned properties. But it should be noted that these properties are also subject to qualification and personal circumstances, and are not restricted to local occupancy. Therefore, the waiting list can include households from outside the area. This in turn, reduces the chances for local people to be housed.

## **7. CONCLUSIONS**

The majority of households who identified themselves in need would not be able to rent or purchase a property on the open market in the Ambleston Community Council area. Also the availability of properties to rent on a long term tenancy basis appears to be limited. The housing market is clearly not serving all the people of Ambleston Community Council area, justifying an interventionist policy in relation to the provision of affordable housing for local people.

It is clear that the majority of people who expressed themselves as being in housing need and looking to rent, could afford to rent social housing. However it should be noted that the availability of such properties which are restricted to local occupancy is minimal.

The people who identified themselves as being in housing need generally wanted to move within the Ambleston area, which tells us that it is desirable to meet locally identified need with local developments.

11 households identified themselves in housing need and it is normally assumed that a proportion of this need will satisfy its housing requirement over time and some will naturally move away from the area irrespective of their housing need. Therefore, if a third to a half of this need is taken as a guideline of actual need, we can surmise that 4-6 households are in need of affordable housing.

Affordable housing developed under affordable housing policies can have occupancy restrictions placed upon them where a private developer is involved. Welsh Assembly Government (WAG) Guidance asks that occupancy restrictions are not placed on Housing Association developments where the proposal is within the settlement. On rural exception sites WAG advises that the local planning authority needs to ensure that the housing continues to serve its intended purpose in the future, and will need to satisfy itself of the adequacy of controls that the Housing Association is operating, in terms of occupancy and affordability. If the controls are considered to be inadequate, then occupancy

controls can be justified.

Policies in the Joint Unitary Development Plan allow for the negotiation of affordable housing, as part of an open market development, or as a rural exceptions site scheme. Both could have occupancy restrictions to local people only. Therefore the specific affordable local housing need identified in this survey could be served by a specific affordable local housing solution, with any future affordable housing for the Ambleston Community Council area.

The survey was conducted at one particular time and is worth noting that local affordable housing needs could be a changing requirement.

# Appendix 1

Q22

There is not enough local authority housing to meet the needs of local people wishing to stay in the area. To my knowledge there is only 1 council house in Ambleston that is now owned by the local authority and 4 housing association houses. This is no where near enough accommodation for those wishing to stay/move back into the area. I am unemployed and caring for my daughter and cannot afford the price of buying in the community, as I am unable to obtain a mortgage.

We lived in an ex-local authority house and for twelve years. We had nuisance neighbours with noisy pets etc. Lots of visitors and anti-social behaviour too. We moved here almost a year ago and we are so happy and are enjoying peace/quiet, we are less stressed now. We would hate it if Housing Association homes were developed here.

Enough housing already in county for everyone. Alter second home market and your problems are solved.

Although at present our house meets all needs of our family but in the future we will need larger accommodation or to extend our current home. If we are unable to afford to move to a larger home in the local area perhaps ways of developing current housing would be a good idea.

Ambleston is attractive to us as a small rural and quiet area with minimum traffic and a good sense of community spirit. The development of further residential properties would in crease the movement of vehicles in and out of the village. This is a small village which is what drew our attention to it in the first place. A change to the norm would destabilize the village, lets not spoil the current situation.

I consider affordable housing development essential, if we are to keep our own families living locally.

We would only support a small development if it was Guaranteed that only people local to Ambleston were entailed to these houses and not allow troublesome families moved from other areas. Local people should have a say in who gets these properties.

We would support a small development of affordable housing for local people in the Ambleston area as long as it was guaranteed that they would be truly local people. Preferably from within the parish of Ambleston or the immediate neighbouring parishes, and may be for children of Ambleston. Residents who wish to "come home" provided their family has lived in Ambleston for the previous 15 to 20yrs.

We all know that the problem is not lack of land on which to build it is getting planning permission to do so. We own a large piece of land which we would develop, if we could for a low cost option, but with a development line tightly around all properties in our village, applying for planning permission would be a complete waste of time and money. Until it is easier to obtain planning consent this artificial shortage of building land will continue, thus forcing prices up further, while pieces of land sit doing nothing.

There must be a viable housing policy in the Ambleston community. The electoral roll shows that young people are leaving because they cannot compete on price etc with new comers to the area. People move in and give nothing to the community so you end up with an elderly parish unable to form a community spirit.

Any development in the village should include affordable housing. The numbers of second homes should be limited.

We are a very small community with no amenities and would prefer to keep it that way. We already have Housing Association houses in Ambleston. More houses would spoil the rural tranquillity.

Not Housing Association families on benefits - DHSS Dole etc.

Would support development as long as surrounding foot paths were not compromised.

We Support any local housing that is affordable for our children to reside in, so they can live locally if required.

We need to maintain the idyllic surroundings and community spirit.

This is the wrong area for affordable housing to be considered becasue there is no public transport, no school or shop in this area.

Housing was made available a few years ago for locals only but only one family living there is local. So what's the point in building more houses for outsiders to live in. When locals are refused.

I think the Council should look at improving existing housing by installing a sewage plant and improving the roads prior to building new houses. Particularly around Wallis.

Sensible extension of the village envelope should be allowed for further housing.

Cannot think that anymore housing would be necessary in Ambleston. It seems perfectly adequate as it is.

Do not allow anymore medium to large houses as they change the village mix, there are enough already. More affordable homes desperately needed.

# Appendix 2

# Ambleston Community Council

## Local Housing Census

Dear Resident,

The Community Council is aware that the provision of affordable rural housing is a very important topic, and would like to ask you to complete the enclosed questionnaire in order to assess the local situation.

The Rural Housing Enabler for Pembrokeshire has been asked to conduct a census of local housing on behalf of the Ambleston Community Council.

The questionnaire is being sent to all residents within this area and will only take 5-10 minutes to complete. Your views are important, even if you do not intend to move in the near future please complete sections 1 and 3.

In addition to establishing the needs of the current community we hope to hear about the requirements of households with a local connection who need to relocate to the area. This is often people who have moved away, but in general terms means that they have strong family or residential links to the area, people who are employed in the area and people who need to receive or provide care for a relative in the area.

Your answers will be confidentially analysed by the Rural Housing Enabler and the data will be reported in a way that no individuals or households could be identified. This questionnaire gathers information which may contribute towards future housing strategy in the Ambleston area. If appropriate the findings may be used to justify the need for a small scheme of affordable homes in the area for local people.

**Please return the completed form in the freepost envelope provided within the next 14-21 days**

Thank you in advance for helping with this important work.

Ambleston Community Council

# Appendix 3

# AMBLESTON COMMUNITY COUNCIL LOCAL HOUSING NEEDS SURVEY

## SECTION 1: Your Home And Your Household

This Section asks questions about your current household and the home in which you live. We are defining a household as "one person living alone, or a group of people (not necessarily related) living at the same address with common housekeeping - sharing either a living room or sitting room, or at least one meal a day".

### Q1. Is this your main home?

Yes, main home

No, second home **There is no need to complete the rest of the form, however please return it using the envelope provided.**

### Q2. What type of house does your household live in? (Please tick one box)

Semi-detached

Detached house

Bungalow

Terraced house

Apartment/Flat

Mobile home (permanently sited)

Other (please specify) \_\_\_\_\_

### Q3. Does your household own or rent this home? (Please tick one box)

Owns (with or without a mortgage)

Rents privately

Rents from the council or Housing Association

Rents from employer or tied with job of household member

Owns (shared ownership scheme with Housing Association)

Other (please specify) \_\_\_\_\_

### Q4. How long have you lived in...? Please tick one box per option

	Less than 6 months	6 months to 3 years	More than 3 years but less than 10 years	More than 10 years
This Home	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Ambleston Area	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pembrokeshire	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

**Q9. How would you describe this household?** (Please tick one box)

- Single person
- Family (one or two adults with children)
- Couple
- Other

**Q10. How Many bedrooms would you expect to need?** (Please tick one box)

- 1
- 2
- 3
- 4
- 5 +

**Q11. Why does your current home not meet your need?** (Please tick all that apply)

- Too small
- Too large
- Needs major repairs
- Unsuitable for physical needs
- Temporary accommodation
- Other (please specify) \_\_\_\_\_
- Need to live close to employment
- Need to live close to relative/family
- Need to live closer to a carer or to give care
- Want to live independently
- Being harassed

**Q12. When would your household expect to need to move?**

(Please tick one box)

- Immediately
- Within 1 year
- More than 1 year, but within 3 years
- Between 3 and 5 years

**Q13. Does this household have a specialised housing need?** (Please tick all boxes that apply)

- No
- Yes, accommodation on the ground floor
- Yes, sheltered housing with support services provided
- Yes, other housing with support services provided
- Yes residential care
- Other (Please specify) \_\_\_\_\_

**Q14. How much would the household be able to afford if renting? It is normal to consider one third of the households net income for the period. Please do not include housing benefit.** (Please tick one box)

- |  |                            |
|--|----------------------------|
| <input type="checkbox"/> up to £50 (per week)      | (Up to £220 per month)     |
| <input type="checkbox"/> £51 to £70 (per week)     | (£221 to £300 per month)   |
| <input type="checkbox"/> £71 to £90 (per week)     | (£301 to £390 per month)   |
| <input type="checkbox"/> £91 to £120 (per week)    | (£391 to £520 per month)   |
| <input type="checkbox"/> £121 to £150 (per week)   | (£521 to £ 650 per month)  |
| <input type="checkbox"/> More than £150 (per week) | (More than £650 per month) |

**Q15. How much would the household be able to afford if buying a property? It is normal to consider three times the household's gross income for mortgage purposes plus any savings and equity the household may have in any property.** (Please tick one box)

- |   |   |
|---|---|
| <input type="checkbox"/> Up to £40,000        | <input type="checkbox"/> £120,001 to £140,000 |
| <input type="checkbox"/> £40,001 to £60,000   | <input type="checkbox"/> £140,001 to £160,000 |
| <input type="checkbox"/> £60,001 to £80,000   | <input type="checkbox"/> £160,001 to £180,000 |
| <input type="checkbox"/> £80,001 to £100,000  | <input type="checkbox"/> More than £180,000   |
| <input type="checkbox"/> £100,001 to £120,000 |   |

**Q16. How would this household consider paying for this accommodation?** (Please tick as many boxes as apply)

- Buy on the open market
- Rent from the private sector
- Rent it from the Local Authority or from a Housing Association
- Buy it as a shared owner with the Local Authority or Housing Association
- Other (please specify) \_\_\_\_\_

**Q17. In which area would the household consider living? (Please tick as many boxes as apply)**

- Ambleston Area
- Neighbouring Communities
- Elsewhere in Pembrokeshire (Please specify) \_\_\_\_\_
- Other ( Please specify) \_\_\_\_\_

**Q18. Do you have a local connection with your community of first choice?  
(Please tick as many boxes as apply)**

- Currently living in the Community Council area as your principal residence and have been doing so for the last 3 years or more
- Employment connections to the Community Council area
- Previously lived in the Community Council area for a period of 5 years or more and still have close relatives living in the Community Council area
- Lived in the Community Council area for 5 out of the last 10 years
- Need to care for an infirm or elderly relative in the Community Council area
- Need to receive care from a relative in the Community Council area
- Other (please specify) \_\_\_\_\_

**Q19. Is the household currently on the Council, or Housing Association, housing transfer or waiting list? (please tick one box)**

- Yes  No

**NB This questionnaire does not register you on a housing waiting list.** If you wish to apply to go on the list, please contact Pembrokeshire County Council on 01437 764551 or Pembrokeshire Housing on 01437 763688.

**Contact Details**

If you provide your details below, you may be contacted if a housing scheme progresses in this community.

**NAME:** \_\_\_\_\_

**ADDRESS:** \_\_\_\_\_

**POSTCODE:** \_\_\_\_\_

**Please go to Section 3**

## **SECTION 3: Views on local affordable housing**

This section is to find out about local people's views on new housing in the area. All replies will be treated in the strictest confidence, however anonymised comments and reasons may be included in reports.

**Q20. Apart from you or anyone currently in your household, do you know anyone with a 'local connection' who is not currently residing in the Ambleston area that would like to or need to set up home in the Ambleston area?**

Yes

No

If they wish to be included in this survey for affordable housing they will need to obtain a form either by contacting the Rural Housing Enabler please find his contact details on the last page.

**Q21. If a need is identified, would you support a small development of affordable housing for local people in the Ambleston area? (Please tick one box)**

Yes

No

Maybe

**Q22. If you wish to make any other comments please write them here.**
