# 1.SURVEY METHODOLOGY AND RESPONSE RATE

The questionnaire was compiled by Matthew Owens, Rural Housing Enabler for Pembrokeshire and approved by the Local Government Data Unit (Wales), Pembrokeshire County Council, Pembrokeshire Coast National Park Authority and Mynachlogddu Community Council.

**Section 1** was completed by all respondents and focussed on

- . Type of homes and number of bedrooms
- . Tenure of households
- . Age & sex profile of households
- . Length of residence
- . Potential new households in need of housing

**Section 2** was completed by potential households in housing need and focussed on

- . Reason for being unsuitably housed
- . Age profile of potential households
- . Household composition
- . Time scales of need
- . Special needs requirements
- . Preferred tenure and type of accommodation required
- . Affordability of rent or mortgage
- . Connections to community

**Section 3** was completed by all respondents and focussed on

- . Support for provision of affordable housing developments
- . Personal comments regarding affordable housing in the area
- . Possible development sites in the area

## Sampling

Survey forms were distributed by second class post on the 19th of June 2008, this was facilitated by the Rural Housing Enabler. The questionnaires were sent to all 225 addresses on the council tax register for the Mynachlogddu Community Council Community Council area. The address list was provided by Pembrokeshire County Council.

Respondents were given 14-21 days to complete and return the questionnaire, in a 2nd class freepost envelope that was provided with the questionnaire. The deadline for the return of the surveys was the 14th of July 2008.

Included with each survey was an accompanying explanatory letter from the Community Council (**see appendix 2**) and a questionnaire (**see appendix 3**).

The form only allowed one household per property to identify itself in need. Additional household and non-resident forms were available from the Rural Housing Enabler, No additional household or non-resident questionnaires were requested. A total of 225 surveys were distributed.

## **Response**

A total of 88 questionnaires were returned to the Rural Housing Enabler for data entry and analysis. A total of 84 questionnaires were returned from occupied households, all were completed or part-complete. 3 were returned incomplete and 1 questionnaire was returned from a second home.

The 3 incomplete questionnaires and 1 second home questionnaire, were discounted from the analysis.

According to the figures from the council tax office, of the addresses identified in the Mynachlogddu Community Council area, 11 properties are currently unoccupied and 7 are currently used as holiday homes. This provides us with a figure of 207 occupied households in the Community Council area. This equates to a return rate from the occupied households of 41% (84/207).

## **2. SUMMARY OF ANALYSIS**

Percentages in this section apply to the number of respondents to the survey who answered that particular question. This is known as adjusted percentage.

The overall response rate from occupied households was 41%

15% of respondents identified a household in potential housing need over the next 5 years.

7.1% of respondents identified their current household as in need of moving over the next five years.

8.3% of respondents identified someone in their current household as in need of moving in the next 5 years, who would form new households within the community.

35% of respondents who identified a household in housing need stated they wanted to buy on the open market, 30% indicated they wanted to pay for the property by renting from a Local Authority or a Housing Association, 20% indicated they wanted to buy as a shared owner and 15% indicated they wanted to rent privately.

38% of households who expressed a housing need detailed that need as within 3 years, 62% detailed that need with the next 3 to 5 years.

46% of respondents who identified themselves as being in housing need, expressed a desire for 2 bedroom properties, 46% for 3 bedroom properties and 8% for 4 bedroom properties.

Of the households that identified a housing need 46% described their household as families (one or two adults with children), 31% as co-habiting/married couples and 23% described their household as a single person household.

The majority of the people who identified themselves as being in housing need were aged between 20-44 years old.

The main reason respondents gave for currently being unsuitably housed, was that they needed to live independently.

92% of those expressing a housing need were not on the Local Authority or Housing Association, housing transfer or waiting list.

63.5% of respondents stated they would consider supporting a small development of affordable housing to meet local housing need, 23% of respondents said maybe and 13.5% said they wouldn't support it.

### **3. ANALYSIS OF THE SURVEY COMPLETED BY ALL HOUSEHOLDS**

The purpose of part 1 of the questionnaire was to indicate the main housing patterns for the sample area.

Presentation broadly follows the questions set out on the survey form.

Percentages in this section apply to the number of respondents to the survey (84) who answered that particular question. This is known as adjusted percentage.

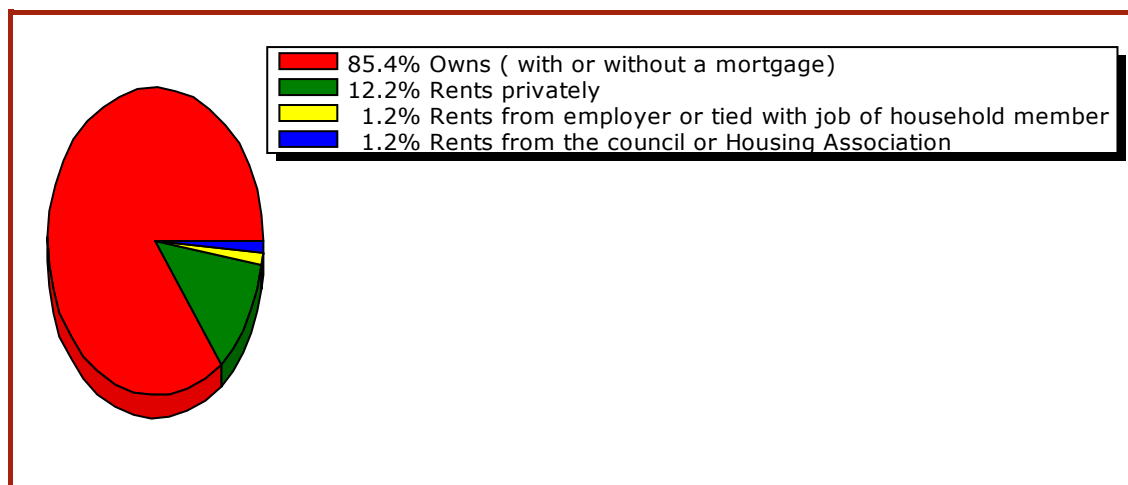

### Q1. Is this your Main Home?

All 84 respondents stated their Mynachlogddu address was their main home.

### Q2. What type of house does your household live in?

### Q3. Does your household own or rent this property?

## Q4. How long have you lived in?

### Q5. How many bedrooms does your home have?

### Q6. How many people of each age and sex are there in your household?

The total number of people identified in respondents households was 197.

This equates to an average household size of 2.4 people (197/82)

**Q7. Would your household, or anyone in your household, expect to need to move within Mynachlogddu Community Council area in the next 5 years?**

Making a total number of respondents identifying themselves or a member of their household as being in housing need as 15%.

#### **4. ANALYSIS OF THE SURVEY COMPLETED BY POTENTIAL MOVERS**

The purpose of part 2 of the questionnaire was to identify those people in housing need and to indicate their housing requirements and reasons for housing need.

13 respondents completed this part of the form. The data in this section is presented by the actual number of responses to each question, rather than as a percentage of responses.

The total number of answers to each question is detailed at the end of the question name in brackets (not all respondents answer every question). Some questions allowed respondents to give more than one answer (these are known as multi-code questions), the total number of answers are again shown in brackets after the question name, but in this case with a TV for "total vote". Therefore the number of responses to a particular answer to this type of question is the number of "votes" that answer achieved.

**Q8. How many people of each age and sex in the household that need to move? (13)**

The response to this question shows us that the age group with the highest number of respondents who have identified themselves as being in housing need is 20-44 age group.

In total 24 people in 13 households have identified themselves in need. This equates to an average household size of 1.8 people.

**Q9. How would you describe this household? (13)**

**Q10. How many bedrooms would you expect to need? (13)**

**Q11. Why does your Current home not meet your needs? (TV = 17)**

**Q12. When would you expect to need to move? (13)**

**Q13. Does your household have a specialist housing need? (TV = 13)**

**Q14. How much would the household be able to afford if renting? (10)**

Respondents were asked to consider one third of the households net income for the period, and not to include housing benefit.

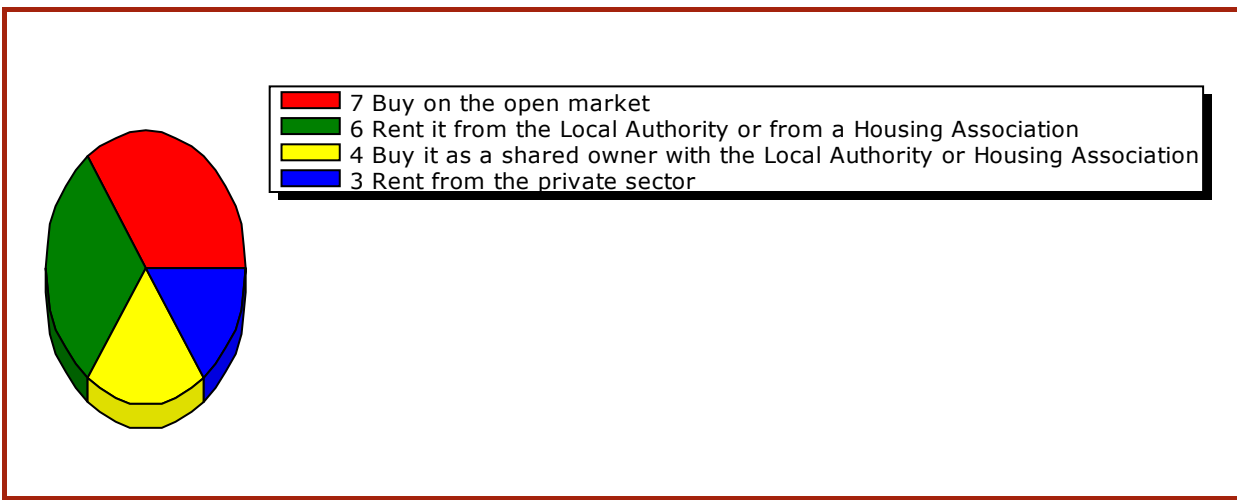

**Q15. How much would the household be able to afford if the household were buying a property? (12)**

Respondents were asked to consider three times the household's gross income for mortgage purposes plus any savings and equity the household may have in any property.

**Q16. How would this household consider paying for this accommodation? (TV = 20)**

**Q17. In which area would the household consider living? (TV = 20)**

**Q18. Do you have a local connection with your community of first choice? (TV = 25)**

**Q19. Is the household currently on the Council, or Housing Association, housing transfer or waiting list? (13)**

## **5. ANALYSIS OF SECTION 3 COMPLETED BY ALL HOUSEHOLDS.**

All the respondents were asked to complete part 3 of the questionnaire. The purpose of this section is to identify the community's feelings towards a affordable housing development in the area.

Percentages in this section apply to the number of respondents to the survey (84) who answered that particular question. This is known as adjusted percentage.

**Q20. Apart from you or anyone currently in your household, do you know anyone with a local connection who is not currently residing in the Mynachlogddu area that would like to or need to set up home in The Mynachlogddu area?**

**Q21. Would you Support a small local development of affordable housing to meet local need in the area?**

**Q22. Are there any comments you would wish to make regarding affordable housing in the The Mynachlogddu Community Council area?**

**(PLEASE SEE ADDENDIX 1)**

## 6. AFFORDABILITY OF MOVING

This section considers the financial information given by the households in Questions 14 and 15 in regard to how much households would be able to afford if they were buying or renting a property. The information is compared to Open-market house prices, private rentals market and social housing rental prices.

### Open-Market Property Price Data (from Land Registry)

Average sale prices by type from July 2008 to Sept 2008 for the Mynachlogddu area and surrounding areas and number of Sales for postcode sector SA66 7.

Detached	£162,500	Sales	4
Semi-detached	NIL	Sales	NIL
Terraced	NIL	Sales	NIL
Flat/Maisonette	NIL	Sales	NIL
Average Price	£162,500	Total Sales	4

The average residential property sale price for Pembrokeshire from July 2008 to Sept 2008 for Pembrokeshire was £158,154 (Land Registry).

### Private Rental Data (From Local estate agents in June 08) for Mynachlogddu area.

The following data was obtained from local Estate Agents in June 2008. No properties were able to be found that were available to rent on the open market in the Mynachlogddu area at the time. The figures given below are estimates of the average rental prices for the Mynachlogddu area from local estate agents. A number of estate agents also stated that availability of private rented property was limited in the Mynachlogddu area.

Detached 4 bedroom	£700/£750pcm (approximately)
Semi-detached/Terraced 3 bedroom	£525/£575pcm (approximately)
Flat/Maisonette 2 bedroom	£450/£475pcm (approximately)

## Social Housing Rental Data

The following data is a snapshot of the available social housing stock owned and managed by Pembrokeshire County Council and the Registered Social Landlord (Pembrokeshire Housing) in the Mynachlogddu Community Council area. The rental figure is the average for Pembrokeshire County Council owned properties in the Mynachlogddu Community Council area, and was obtained from Pembrokeshire County Councils, Social Care and Housing Directorate.

### Pembrokeshire County Council Housing Stock for Mynachlogddu Community Council area

	Units	Turnover (From 2003 – 2008)
General Needs Properties	3	1

### Average Local Authority Weekly rents for the Mynachlogddu Community Council area

Based on 2007/2008 rental values and excluding services e.g. water rates

All Properties      **£60.26 per week**

### Registered Social Landlord Stock (Pembrokeshire Housing) for the Mynachlogddu Community Council area

	Units	Turnover (From 2003 – 2008)
General Needs Properties	0	0

There are currently no properties owned by a Registered Social Landlord in the Mynachlogddu area.

## **Affordability**

### **Affordability - Ability to purchase a property on the open market:**

It is clear that the majority of those households who expressed themselves as being in housing need could not afford to purchase a property on the open market. Of the respondents who answered Question 15 on how much they would be able to afford if they were buying a property, 11 households indicated they could afford prices ranging from between £40,000 to £140,000, which means they would have difficulty in being able to afford to purchase a property in the Mynachlogddu area on the open market.

The average sale price in the Mynachlogddu area from July 08 - Sept 08 was £162,500 (Land Registry). As these prices are averages, there may have been some properties that will have been lower in price. Some of these may have been affordable to some respondents.

1 household indicated they could afford over £180,000. So this respondent may have be able to meet their housing needs on the open market. But they might find it difficult finding suitable accommodation at that price level in the Mynachlogddu area.

### **Affordability - Ability to rent a private property on the open market:**

Of the respondents who answered Question 14 on affordable Rental Levels, 6 households indicated that prices ranging from £50 (£216pcm) - £90 per week (£390pcm) would be affordable for them.

None of these households could afford to rent a property on the open market based on the estimated average rental prices listed previously.

The one other respondent to this question stated they could afford prices ranging from £91 per week (£390 pcm) to £120 per week (£520 pcm). It is clear that this respondent could possibly afford to rent in the private market, but based on the evidence collected from local estate agents, they might find limited availability of suitable private properties to rent in the area.

## **SOCIAL HOUSING**

Average rental costs for Social housing in the area is £60.26 per week. It is clear that the majority of people who expressed themselves as being in housing need and looking to rent, could afford to rent social housing.

The turnover (the frequency with which properties are let) of these properties is low in the area, 1 letting's since 2003 for Local Authority owned properties. But it should be noted that these properties are also subject to qualification and personal circumstances, and are not restricted to local occupancy. Therefore, the waiting list can include households from outside the area. This in turn, reduces the chances for local people to be housed.

## **7. CONCLUSIONS**

The majority of households who identified themselves in need would not be able to rent or purchase a property on the open market in the Mynachlogddu Community Council area. Also the availability of properties to rent on a long term tenancy basis appears to be limited. The housing market is clearly not serving all the people of the Mynachlogddu Community Council area, justifying an interventionist policy in relation to the provision of affordable housing for local people.

It is clear that the majority of people who expressed themselves as being in housing need and looking to rent, could afford to rent social housing. However it should be noted that the availability of such properties which are restricted to local occupancy is minimal.

The people who identified themselves as being in housing need generally wanted to move within the Mynachlogddu area, which tells us that it is desirable to meet locally identified need with local developments.

13 households identified themselves in housing need and it is normally assumed that a proportion of this need will satisfy its housing requirement over time and some will naturally move away from the area irrespective of their housing need. Therefore, if a third to a half of this need is taken as a guideline of actual need, we can surmise that 4 - 7 households are in need of affordable housing.

Affordable housing developed under affordable housing policies can have occupancy restrictions placed upon them where a private developer is involved. Welsh Assembly Government (WAG) Guidance asks that occupancy restrictions are not placed on Housing Association developments where the proposal is within the settlement. On rural exception sites WAG advises that the local planning authority needs to ensure that the housing continues to serve its intended purpose in the future, and will need to satisfy itself of the adequacy of controls that the Housing Association is operating, in terms of occupancy and affordability. If the controls are considered to be inadequate, then occupancy

controls can be justified.

Policies in the Joint Unitary Development Plan allow for the negotiation of affordable housing, as part of an open market development, or as a rural exceptions site scheme. Both could have occupancy restrictions to local people only. Therefore the specific affordable local housing need identified in this survey could be served by a specific affordable local housing solution, with any future affordable housing for the Mynachlogddu Community Council area.

The survey was conducted at one particular time and is worth noting that local affordable housing needs could be a changing requirement.

# Appendix 1

Q22

It would very much depend on the siting of the development, its size and the sort of housing being built.

My son and daughter in law would like to come back into this area, we won't be able to get planning for a house here unfortunately, so they rent in Narberth at present.

1. Must be for rent only - Housing Association or local Authority Ownership. 2. Must be traditional build and look, i.e, stone or timber, single or 1.5 storey and not bungalow style. 3. Must include off grid power generation scheme which could be extended to wider community. 4. Must include public transport service so that road use is not increased. 5. Must include water harvesting. 6. Must not impact on wildlife or hedgerows, no clearance to make site and trees/woodland included on site. 7. Housing only be available to people working in the local community no sub-letting. 8. Land provided must not result in financial gain for the vendor charitable donation only or land leased. 9. bike stores included in build. 10. Barn conversion looking building split into terraced cottages would be nice! or timber clad centre parks type villa's - although flat roofed blend very well in wooded setting and are very low impact and very nice to live in! and cheap to build. 11. Definitely no flats ! or mobile home parks!

As long as new development properties either sold or rented to youngsters brought up in this area. Roads too narrow for further development junctions too tight for extra traffic. Hedgerows too old and diverse to be removed. New homes not conducive to rural locations, roads and drainage unable to cope the extra run off from more buildings. Any further traffic in this area would create a situation of an accident waiting to happen, no work for young families who might move to the area.

I have several sons and daughters who would like to move back to the village, as they went to Mynachlogddu school. There is a shortage of affordable housing for young people.

Depending on type of property and location.

We have adult children who did not grow up in Wales. They are all in full time employment, one can not settle in rural Wales because he does not drive due to his health. One wants to find somewhere to live locally but will have to rent, one would like to settle locally but would find it difficult to get a job.

Mynachlogddu is in the National Park where there are certain restrictions to keep the naturalness of the surrounding area- hence an development would not be in keeping I would have thought.

I think it is very important for young people to stay in the area and find decent accommodation not a life in caravans but this also extends to work obviously.

Affordable housing yes but no more large detached executive-style houses.

I would like to see a mix of affordable housing for single people/couples and small families in the village of Mynachlogddu. I would favour some alternative building materials like straw bale and would definitely suggest thermal heating as it looks like it is more affordable for people on low incomes with rising fuel prices. I would also favour a small wind turbine to service the new housing.

I feel very strongly that it is time to look at building low-impact housing that meets and sets an example for others on environmental building standards. No more big block energy inefficient buildings please. They are ugly and there are too many spring up around the area and use huge amounts of resources and energy to build. What about Chalets?

One of our children might want to live nearby but are still in education so its hard to say what they will do. There should be a small amount of affordable houses available for young people/families who wish to work and settle in this area.

I think there should be affordable housing in the form of single dwellings, for young and old alike, either to rent or buy this would put more life into the community these could be in the form of small maisonettes.

My daughter is employed in the area. It is a non professional post that only giving a minimum wage of approx £12,000 p/a. I live on a small holding and have a paddock that would suit her needs for a home. Here lies the problem I cannot obtain planning permission which is forcing her out of the area. There is no housing in this area for young persons or as it will be the elderly. My daughter contacted " Rural Housing Enabler" and received no help as she was an individual.

We need affordable housing for young people to stay in Mynachlogddu.

There are too many coming to this area from nearby towns, taking the houses from local people who have been born and bred here. The council needs to look after our locals first, before bringing the bad town people into this area.

The only housing development I would consider would be eco type village set up, self build, low impact.

Not enough affordable accommodation for local young people need first time buyer housing or Housing Association housing.

Will you provide shops/schools pubs etc etc for all these extra people.

# Appendix 2

# Mynachlogddu Community Council

## Local Housing Census

Dear Resident,

The Community Council is aware that the provision of affordable rural housing is a very important topic, and would like to ask you to complete the enclosed questionnaire in order to assess the local situation.

The Rural Housing Enabler for Pembrokeshire has been asked to conduct a census of local housing on behalf of Mynachlogddu Community Council.

The questionnaire is being sent to all residents within this area and will only take 5-10 minutes to complete. Your views are important, even if you do not intend to move in the near future please complete sections 1 and 3.

In addition to establishing the needs of the current community we hope to hear about the requirements of households with a local connection who need to relocate to the area. This is often people who have moved away, but in general terms means that they have strong family or residential links to the area, people who are employed in the area and people who need to receive or provide care for a relative in the area.

Your answers will be confidentially analysed by the Rural Housing Enabler and the data will be reported in a way that no individuals or households could be identified. This questionnaire gathers information which may contribute towards future housing strategy in Mynachlogddu area. If appropriate the findings may be used to justify the need for a small scheme of affordable homes in the area for local people.

**Please return the completed form in the freepost envelope provided within the next 14-21 days**

Thank you in advance for helping with this important work.

Mynachlogddu Community Council

# Appendix 3

# MYNACHLOGDDU COMMUNITY COUNCIL LOCAL HOUSING NEEDS SURVEY

## SECTION 1: Your Home And Your Household

This Section asks questions about your current household and the home in which you live. We are defining a household as "one person living alone, or a group of people (not necessarily related) living at the same address with common housekeeping - sharing either a living room or sitting room, or at least one meal a day".

### Q1. Is this your main home?

Yes, main home

No, second home **There is no need to complete the rest of the form, however please return it using the envelope provided.**

### Q2. What type of house does your household live in? (Please tick one box)

Semi-detached

Detached house

Bungalow

Terraced house

Apartment/Flat

Mobile home (permanently sited)

Other (please specify) \_\_\_\_\_

### Q3. Does your household own or rent this home? (Please tick one box)

Owns (with or without a mortgage)

Rents privately

Rents from the council or Housing Association

Rents from employer or tied with job of household member

Owns (shared ownership scheme with Housing Association)

Other (please specify) \_\_\_\_\_

### Q4. How long have you lived in...? Please tick one box per option

	Less than 6 months	6 months to 3 years	More than 3 years but less than 10 years	More than 10 years
This Home	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Mynachlogddu Community Council Area	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pembrokeshire	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

**Q9. How would you describe this household?** (Please tick one box)

- Single person
- Family (one or two adults with children)
- Couple
- Other

**Q10. How Many bedrooms would you expect to need?** (Please tick one box)

- 1
- 2
- 3
- 4
- 5 +

**Q11. Why does your current home not meet your need?** (Please tick all that apply)

- Too small
- Too large
- Needs major repairs
- Unsuitable for physical needs
- Temporary accommodation
- Other (please specify) \_\_\_\_\_
- Need to live close to employment
- Need to live close to relative/family
- Need to live closer to a carer or to give care
- Want to live independently
- Being harassed

**Q12. When would your household expect to need to move?**

(Please tick one box)

- Immediately
- Within 1 year
- More than 1 year, but within 3 years
- Between 3 and 5 years

**Q13. Does this household have a specialised housing need?** (Please tick all boxes that apply)

- No
- Yes, accommodation on the ground floor
- Yes, sheltered housing with support services provided
- Yes, other housing with support services provided
- Yes residential care
- Other (Please specify) \_\_\_\_\_

**Q14. How much would the household be able to afford if renting? It is normal to consider one third of the households net income for the period. Please do not include housing benefit.** (Please tick one box)

- |  |                            |
|--|----------------------------|
| <input type="checkbox"/> up to £50 (per week)      | (Up to £220 per month)     |
| <input type="checkbox"/> £51 to £70 (per week)     | (£221 to £300 per month)   |
| <input type="checkbox"/> £71 to £90 (per week)     | (£301 to £390 per month)   |
| <input type="checkbox"/> £91 to £120 (per week)    | (£391 to £520 per month)   |
| <input type="checkbox"/> £121 to £150 (per week)   | (£521 to £ 650 per month)  |
| <input type="checkbox"/> More than £150 (per week) | (More than £650 per month) |

**Q15. How much would the household be able to afford if buying a property? It is normal to consider three times the household's gross income for mortgage purposes plus any savings and equity the household may have in any property.** (Please tick one box)

- |   |   |
|---|---|
| <input type="checkbox"/> Up to £40,000        | <input type="checkbox"/> £120,001 to £140,000 |
| <input type="checkbox"/> £40,001 to £60,000   | <input type="checkbox"/> £140,001 to £160,000 |
| <input type="checkbox"/> £60,001 to £80,000   | <input type="checkbox"/> £160,001 to £180,000 |
| <input type="checkbox"/> £80,001 to £100,000  | <input type="checkbox"/> More than £180,000   |
| <input type="checkbox"/> £100,001 to £120,000 |   |

**Q16. How would this household consider paying for this accommodation?** (Please tick as many boxes as apply)

- Buy on the open market
- Rent from the private sector
- Rent it from the Local Authority or from a Housing Association
- Buy it as a shared owner with the Local Authority or Housing Association
- Other (please specify) \_\_\_\_\_

**Q17. In which area would the household consider living? (Please tick as many boxes as apply)**

- Mynachlogddu
- Llangolman
- Neighbouring Communities
- Other (Please Specify)\_\_\_\_\_

**Q18. Do you have a local connection with your community of first choice?  
(Please tick as many boxes as apply)**

- Currently living in the Community Council area as your principal residence and have been doing so for the last 3 years or more
- Employment connections to the Community Council area
- Previously lived in the Community Council area for a period of 5 years or more and still have close relatives living in the Community Council area
- Lived in the Community Council area for 5 out of the last 10 years
- Need to care for an infirm or elderly relative in the Community Council area
- Need to receive care from a relative in the Community Council area
- Other (please specify) \_\_\_\_\_

**Q19. Is the household currently on the Council, or Housing Association, housing transfer or waiting list? (please tick one box)**

- Yes  No

**NB This questionnaire does not register you on a housing waiting list.** If you wish to apply to go on the list, please contact Pembrokeshire County Council on 01437 764551 or Pembrokeshire Housing on 01437 763688.

**Contact Details**

If you provide your details below, you may be contacted if a housing scheme progresses in this community.

**NAME:** \_\_\_\_\_

**ADDRESS:** \_\_\_\_\_

**POSTCODE:** \_\_\_\_\_

**Please go to Section 3**

## SECTION 3: Views on local affordable housing

This section is to find out about local people's views on new housing in the area. All replies will be treated in the strictest confidence, however anonymised comments and reasons may be included in reports.

**Q20. Apart from you or anyone currently in your household, do you know anyone with a 'local connection' who is not currently residing in Mynachlogddu area that would like to or need to set up home in Mynachlogddu.**

Yes

No

If they wish to be included in this survey for affordable housing they will need to obtain a form either by contacting the Rural Housing Enabler please find his contact details on the last page.

**Q21. If a need is identified, would you support a small development of affordable housing for local people in Mynachlogddu Community Council area?**

(Please tick one box)

Yes

No

Maybe

**Q22. If you wish to make any other comments please write them here.**
